

# DISABILITY AND PERFORMANCE MANAGEMENT

Jeff Bashton

# The Context

- Independence Matters Inspection
- Improving the Life Chances of Disabled People
- Public sector duty to promote disability equality

# Performance climate and influences

- Central/local relationships
- Impending changes to regulatory organisations
- Service monitoring vs. outcomes for individuals

# Green Paper Outcomes

- Improved Health
- Improved quality of life
- Making a positive contribution
- Exercise of choice and control
- Freedom from discrimination or harassment
- Economic well-being and
- Personal dignity

# Your care, your health ...

- White Paper on health in community settings and adult social care
- Consultation questions:
  - 1. How can people look after themselves?
  - 2. When you and your family need help and support, how, when, where and from whom do you want to get it?
  - 3. How can we help you get the right services, when you need them, and ensure that your support is properly co-ordinated?

# Conclusions and questions

- Few PIs on disability
- None on multi-impairment in current régime
- Unconvinced that \*\*\* status =high quality disability services
- Whole area accountability
- Local approaches
- Questions for panel

# Thank you
