About this event

'Local authority colleagues may be aware of the work carried out in the past by CSRG (Formerly LEARG) - Children's Services Research Group.

Recently the CSRG decided, reluctantly, that it would have to disband because of reducing support and pressures on the limited time of its remaining members.

The group agreed that the balance of its funds (generated from its low cost conferences) should be used to provide free places for local authority staff at this national safeguarding conference organised by SSRG.

As the group's 'last act' it is the hope that there will be some beneficial impact for children and young people.' – ***Gordon Allen, former Chair, CSRG***
