care research

Safeguarding Children: The Effective Use and Dissemination of Knowledge

Tuesday 13th April 2010

CoSLA Conference Centre, Haymarket, Edinburgh

This event will look at the 'knowledge' that is available to inform practice and improve outcomes for vulnerable children. The 'knowledge' base is derived from a number of sources, for example research, inspections, local good practice and the views of young people themselves.

Effective dissemination of such 'knowledge' is also of great importance!

Attendance at this event can be used as evidence of continuing professional development and 'certificates of attendance' will be provided (on request) for your CPD portfolio

SSRG Scotland

Social Services Research Group

The network for research, information, planning and performance across social care and health services for children and adults
